

Sheep Veterinary Society
Division of the British Veterinary Association

Engaging with Sheep Farmers CPD (particularly for vets who don't regularly see many sheep!)

Do you want fresh ideas?

Are you confident with what you can offer your sheep farmers?

If the Animal Health Pathway funds a veterinary flock health visit, are you prepared to maximise the opportunity?

Join colleagues at these technical skills workshops with real life case study examples

- Maximising the value of a vet visit to a sheep farm
- Strategic use of sheep flock data
- Maximising lamb growth rates

Engaging with Sheep Farmers CPD (particularly for vets who don't regularly see many sheep!)

These workshops are suitable for vets who want to:

- maximise opportunities presented by potential Animal Health & Welfare Pathway funding in England.
- explore fresh ideas for sheep farmer engagement.
- brush up on technical skills & knowledge.
