

Ram Breeding Soundness

A Practical Training course

**Join us on the 6th September
at our South Molton branch 10am-4pm
led by**

**Mike Glover FRCVS &
Kate South Vet Technician SWSBS**

Learn how to:

- Confidently perform a physical ram PBSE (Pre-Breeding Soundness Examination)
- Collect a semen sample by EEJ, examine and interpret findings
- Acknowledge limitations of EEJ technique & semen examination
- Be able to offer farmer appropriate guidance based on intended use of the ram & findings of physical & semen examination

Limited spaces so book early by
